

# Healthcare Workforce Summer Update

CHPC Meeting

May 27, 2020

Rehman Attar, MPH  
Director, Healthcare Workforce Development

# Agenda

- Systemwide Updates
- Healthcare Programming Updates
- Upcoming Initiatives

# The CSU and Healthcare Workforce Development

- Vision
  - Prepare California's future healthcare workforce
- Mission
  - Strategic leadership, guidance, policy advocacy and innovative models

# Systemwide Updates

- Spring Graduations
- Vaccination Requirements
- Budget

# Graduation

- 130,000 expected degrees awarded
  - More than 90% health professions students graduated on-time
- The class of 4 million
  - 84% remained in California
  - 1 in 10 employees in California is a CSU graduate

# Vaccination Requirement

- All students and employees to be immunized for SAR-CoV-2
  - Conditioned on full approval of a vaccine from the FDA
- Effective Fall of 2021 or upon FDA full approval (whichever occurs later)
- Exemptions based on medical or religious grounds

# State Budget

- \$1.4 billion investment
  - \$596.1 million ongoing funds
  - \$833 million onetime funds
- \$299 million budget restoration
- \$185.9 million general funds

# Healthcare Programming Update

- Public Health Workforce Education and Training
- Medical School Pipeline
- CCC-CSU Nursing Collaborative

# Public Health Workforce

- System-wide partnership with California Department of Public Health
- Paid internship for students
- Professional development for students and faculty
- Proposal for funding in workforce, education and training

# Medical School Pipeline

- Campus linkage agreement with Medical
- California Medical Scholars
- CSU and Keck Graduate Institute pathway

# CCC-CSU Nursing Collaborative

- Inaugural CCC-CSU Nursing Directors Collaborative in March
- Purpose: to develop and support partnerships between the two public education systems in an effort to improve nursing education.

# Upcoming Initiatives

- Pre-Doc Health Professions Track
- Health Professions Advising Alignment
- Apprenticeships

# Pre-Doc Health Professions Track

- Create seamless transition to health professions doctoral programs
- Provides mentorship from faculty members at doctoral health professions institutions
- Provides funds for travel and other supportive activities (academic enrichment activities, admissions test, admissions fees)

# Health Professions Advising

- Centralized alignment of advising
- Student wraparound services
- Course sequencing
- Community College transfers

# Apprenticeship

- Newly formed collaboration between Department of Labor and Department of Apprenticeship Standards
- Addressing needs to high-skilled apprenticeships
- Establishing Clinical Laboratory Scientist (San Jose) and Cybersecurity (San Bernardino) apprenticeships

# Questions?
