# CHPC Experienced Pipeline Meeting | February 3, 2022 | CHAT

(Edited to contain resources and pertinent information only)

10:07:47 From Paz Delsid to Everyone:     Please visit our website and sign-up for membership if you have not done so previously. This builds our listserv for all our meetings, conferences, and communications. https://chpc.ucsf.edu/membership

10:16:57 From Helen Musharbash to Everyone:   applications for Summer 2022 close on 2/5. If you have any students that may be interested, please reach out to us

10:18:09 From Helen Musharbash to Everyone:   yes, the website is www.shpep.org  We will upload our site's brochure here

10:25:54 From Asha Vitatoe to Everyone: Our summer internship application. Open to 10th grade through post bacc students https://www.mimscience.org/2022-application.html  Feel free to email with any questions avitatoe@mimscience.org. Application open until Feb 18

10:26:55 From Asha Vitatoe to Everyone: Also including link to RFA for behavioral health mentored internship program.  Due in a couple of weeks

10:26:58 From Asha Vitatoe to Everyone: https://www.workforce.buildingcalhhs.com/wp-content/uploads/2022/01/RFA3-BHMentoredInternship.pdf

10:30:15 From Yael Isler to Everyone:     I realized in my haste to introduce myself, I forgot to actually describe SMYSP. Apologies! We are a high school medical pipeline program for low-income and underrepresented rising seniors in Northern California- applications are open until March 14 for our virtual program this summer https://smysp.spcs.stanford.edu/ , please reach out to me directly with any questions as well! yisler@stanford.edu

10:31:07 From Ramon Hernandez (he/him/el) to Everyone:       Area Health Education Centers Program: HRSA-022-053        The application deadline is April 6, 2022

        The Health Resources and Services Administration (HRSA) released this new Notice of Funding Opportunity (NOFO) announcement in support of the Area Health Education Centers (AHEC) Program.  The AHEC Program aims to improve the health of underserved and vulnerable populations by strengthening the health workforce and connecting skilled professionals to communities in need.

10:31:38 From Kathy Flores to Everyone: Thank you, Yael.  You have a great program; you've taken a few of our high school students over the years and they loved it.

10:33:52 From Yael Isler to Everyone:     Thank you Dr. Flores! I'm so glad to hear! I'll also be sure to send information on all of these programs to our alumni network, we have many new undergrads from our  2020 and 2021 cohorts and I'd love to continue connecting them to the pipeline.

10:35:19 From Charles Alexander to Everyone:    Nothing on the horizon. However, our Population Health project is quite innovative.

10:36:27 From Paz Delsid to Everyone:    California Health Workforce and Training Council, Department of Health Care Access and Information

10:40:45 From  Charles Alexander  to  Everyone:    I was going to suggest looking at Family Foundations.

10:41:02 From  Helen Musharbash  to  Everyone:    We also receive funding from Kaiser for our programs

10:41:58 From  Brooke Briggance (she/her)  to  Everyone: I agree with Asha - FACES has had funding from both TCWF and TCE in the past but not currently.  We currently have funding from Kaiser, Genentech, San Francisco Foundation, Alameda County Behavioral Health etc - but all small and localized funding streams for specific work in various regions.

10:42:14 From  Asha Vitatoe  to  Everyone: Yes, we are focusing more on the family foundations

10:45:21 From  Paz Delsid  to  Everyone:    School Districts contract for all manner of services. Our contract is deliverable based and a set $ amount.

10:45:36 From  Teresa Cofield (she/her/hers)  to  Everyone:       At UCR, we were able to work with the county superintendents to specifically support summer residential programming

10:45:38 From  Jeff Oxendine  to  Everyone:       A couple of months ago I heard that KP was going to focus more community benefit $ on high school level programs. I recently heard that the may be re-thinking their approach. I can check in to see the latest and with whom people can speak with in your areas.

10:46:38 From  Asha Vitatoe  to  Everyone: Yes, school funding is great but leadership turnover has impacted some of our partnerships

10:46:39 From  RubenGonzales  to  Everyone:     The school districts have an exceptional amount of funding they received through ESSER III funds and all California Schools have adopted their Expenditure Plans, worth exploring

10:57:34 From  Paz Delsid  to  Everyone:    Rowena will be presenting at our member meeting on March 3.

10:58:06 From  Paz Delsid  to  Everyone:    If you have not already registered for the March 3 meeting, you may do so here: https://chpc.ucsf.edu/member-meetings

10:58:56 From  Ramon Hernandez (he/him/el)  to  Everyone:       Rowena Robles, PhD, Executive Director, California Medicine, Foundation for California Community Colleges, T: (562)708-3289, rorobles@foundationccc.org  | foundationccc.org

11:04:15 From  Paz Delsid  to  Everyone:    What is the status of your program now?    What are its most important needs?      What do your students need most?   How can CHPC and other programs support you?

11:14:52 From  Alejandra Cervantes  to  Everyone: https://westernu-my.sharepoint.com/:v:/g/personal/acervantesramirez_westernu_edu/EdWgLQgjq05BnD_f2isSE3MBRo5uGRt0b20PN8pVAvjEaQ

11:15:16 From  Alejandra Cervantes  to  Everyone: Our team wanted to share a video we put together that give some more insight into our SHPEP programing!

11:17:37 From  Kathy Flores  to  Everyone: Alejandra, did you want to show it this  nowor could you send the link and we'll send out to all?

11:18:13 From  Alejandra Cervantes  to  Everyone: I've included the link in the chat! We can definitely send it out!

11:18:17 From Brooke Briggance (she/her) to Everyone: brooke.briggance@phi.org

11:24:47 From Brooke Briggance (she/her) to Everyone: I forgot to mention another incentive for partnership with the Public Health Youth Corps is that my other program (Cypress) is offering trauma informed training and Mental Health First Aid certification to staff who are supporting the PHYC students. So there is some opportunity to build organizational capacity for staff as well.

11:30:49 From Brooke Briggance (she/her) to Everyone: Wearing my Cypress hat doing mental health and trauma trainings - health professionals are my number one request right now to deal with toxic stress management and burn-out. For sure, Asha. Burn-out will impact our pipeline efforts!

11:42:48 From Maria, WesternU to Everyone:

WesternU SHPEP video-Highlights our SHPEP Alumni that return as Resident Peer Advisors for the new cohorts: https://tinyurl.com/3k4ff7sy

11:43:23 From Maria, WesternU to Everyone: Housing costs has increased as well!

11:47:10 From Yael Isler to Everyone: Is there already or is anyone interested in having an idea sharing session focused on building social-emotional support and online community for summer programs? I feel I am always learning

11:47:39 From Carolina San Juan to Everyone: Would love to hear about summer opportunities for undergrads. csanjuan@college.ucla.edu

11:50:34 From Yael Isler to Everyone:

I also need to go, this was so informative, thank you for having me. If anyone is interested in idea sharing, please email me yisler@stanford.edu

11:53:59 From Maria, WesternU to Everyone: SHPEP has sites with public health tracks.

11:54:20 From Greenwood, Seira to Everyone: Thank you all! If you would like to participate in the Bakersfield College STEM & Pre-Health Conference on Saturday, April 2, 2022. Please email me at seirasantizo@g.ucla.edu

11:55:02 From Paz Delsid to Everyone: If you have a web page or flyer feel free to forward to me to share with everyone.

11:55:59 From Greenwood, Seira to Everyone: Yes, we are almost ready to open it up for registration and also sending the link to register

12:00:18 From Teresa Cofield (she/her/hers) to Everyone: My mic is out but this is a great suggestion, UCR happy to connect with you on that and share a few efforts we have on Professional Development workshops we have for our students.
